HORATIO G. WILLEY,		

SCHOOL REPORT.

Another year having elapsed, your school board would submit the following brief report in regard to the schools in town, with a few suggestions for the coming year. The majority of our teachers have acquitted themselves honorably, and we have reason to believe have given good satisfaction to all. As to the advancement of the children we think it has been up to the standard but submit that to the judgement of the parents. We are always sorry to meet with any disturbance in school work, but this will sometimes happen and can generally be traced to some outside source. When we have the right kind of a teacher with the right kind of material and fixtures to work with, there is not much doubt about the success and progress of the school.

By reference to the following table you will see that we were obliged to start another school, running seven this fall, and this seems most likely to continue for the coming year.

We hardly feel satisfied with the geography now in use and think a change advisable as soon as it can be done legally as it seems necessary for a better and more thorough progress in this branch

Our children should be armed and equipped in the best possible manner for the conflict in which their minds are to be engaged, otherwise they will be retarded and the result less satisfactory.

Now in regard to our school revenue we shall be cut short \$100 this year owing to the change in apportionment for the assessment of public taxes

We hope you will not allow this to lessen the amount of school money and would recommend that you vote an extra amount at the school meeting, thereby increasing the sum total rather than diminishing it.

Why should we not give our children equal advantages with those in adjoining towns?

The state has seen fit to help us and why should we not help ourselves? In accordance with the session laws of 1899 we shall receive \$141 07 from the state but this is not intended to relieve us in the least from raising money but for the purpose of an additional amount of schooling.

All of which is respectfully submitted.
